HYDRATE

PRODUCT FORMULATION

Inspired by his patients' needs, Dr. Jason Emer set out to create a skin care line that offered superior products specifically designed for those who undergo the same procedures he did in his practice every day. His collection provides luxurious formulas with key ingredients such as peptides, vitamins and antioxidants to help promote healing, reduce inflammation and improve skin hydration for a healthier looking complexion. He also carefully researched and chose products with natural components to ensure safe, gentle results for all skin types and sensitivities.

FOAMING POLISH

Cleanse + Purify

150ML 5 FL.OZ

PRODUCT DESCRIPTION

A luxurious and highly clinically effective daily cleanser that hydrates and calms the complexion while leaving it with a supple, luminous, and velvety texture. By incorporating it into your daily routine, you'll experience a noticeable clinical difference in skin radiance and youthfulness.

THE GOOD STUFF

- **Antioxidant protection** helps illuminate the skin's complexion by diminishing hyperpigmentation and blemishes
- **Anti-inflammatory** properties reduce redness and irritation to calm and soothe sensitive skin
- Powerful anti-aging formula tightens skin and diminishes the visibility of fine lines and wrinkles
- **Hydrating formulation** cleanses the skin deeply while simultaneously plumping even the most sensitive of skin types

THE USAGE GUIDE

- Dispense 1-2 pumps into hands and gently massage onto wet face and neck using a gentle circular motion. Rinse thoroughly with warm water and pat dry. Avoid direct contact with eyes.
- Continue with EMER SKIN AOX-C Antioxidant Illuminating and Cleansing Pads and/or EMER SKIN Enzymatic AHA Resurfacing Glow Pads and your favorite EMER SKIN serums.

INGREDIENTS

- **Licorice Root Extract** evens the skin tone by reducing inflammation
- **Salicylic Acid beta hydroxy acid** is a potent exfoliator and calming agent improving skin texture and tone
- **Betaine, a humectant amino acid** found in plants like sugar beets, provides intense hydration and barrier protection

WHY DR. EMER LOVES IT

Foaming Polish is perfect for all skin types and can be used daily in a skincare routine or post-treatment to enhance healing and calming. Licorice Root is an anti-inflammatory ingredient that reduces redness and inflammation, which is perfect for sensitive skin, rosacea, acne, and post-treatment. Salicylic Acid's calming effect nourishes the skin and restores the pH moisture balance. Although primarily a water-based cleanser, Betaine provides additional hydration and barrier protection enhancing the soothing, calming and plumping effect of this product.

EMER SKIN

ENZYMATIC POLISH

Cleanse + Exfoliate

120ML 4 FL.OZ

PRODUCT DESCRIPTION

This anti-aging and clarifying gel cleanser gently exfoliates with luxurious papaya enzymes and natural alpha-hydroxy acids (AHAs) to soothe and soften skin. The collaboration of enzymes and acids are used to purify and rejuvenate the skin while maintaining its natural pH moisture balance in all skin types and sensitivities.

THE GOOD STUFF

- Gently exfoliate by accelerating the natural process of cell renewal
- Clarify deep within pores to improve acne and blemishes
- Boosts skin elasticity through enhanced hydration and pH moisture balancing
- Anti-inflammatory and antibacterial properties improve blemishes and prevent acne breakouts
- Free from sulfates, parabens, and fragrances

THE USAGE GUIDE

- Dispense 1-2 pumps into hands and gently massage onto wet face and neck using a gentle circular motion. Rinse thoroughly with warm water and pat dry. Avoid direct contact with eyes.
- Continue with EMER SKIN AOX-C Antioxidant Illuminating and Cleansing Pads and then proceed with your EMER SKIN routine.

INGREDIENTS

- Papain is a gentle exfoliant used to remove dead skin cells and encourage cell renewal and collagen production
- Natural AHAs (Lactic acid, Tartaric acid, Citric acid, Glycolic acid) work to dissolve dead surface cells and cleanse pores of dirt and debris
- Vitamin A, C, and E soften and hydrate the skin while pH moisture balancing

WHY DR. EMER LOVES IT

The synergistic formulation of papaya enzyme with five natural alpha-hydroxy acids (AHAs) provides gentle and luxurious cleansing with resurfacing to clarify and soothe your skin. The skin feels soft, supple, and hydrated with a revitalized and radiant glow immediately after use. Enzymatic Polish is best used daily and is gentle enough to be used on sensitive skin, acne prone complexions, or after office treatments.

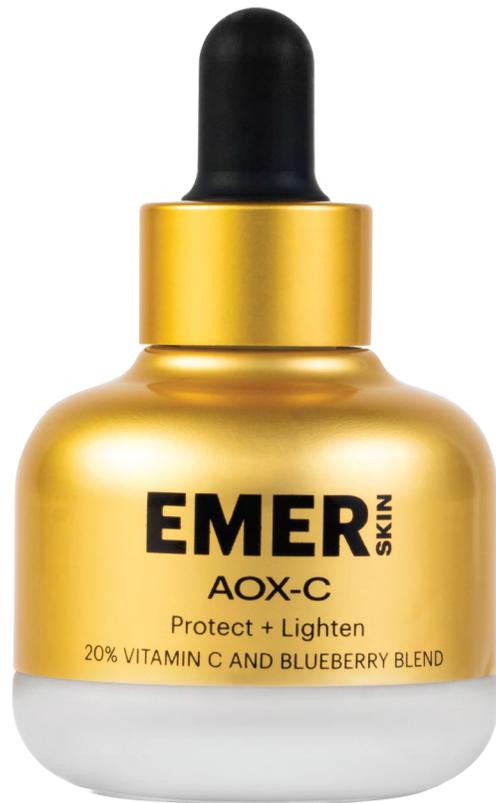

EMER SKIN

www.emerskin.com

AOX-C

Protect+Lighten

30ML 1 FL.OZ

PRODUCT DESCRIPTION

Vitamin C is a highly potent antioxidant that shields your skin from damage caused by the environment while calming internal stressors and inflammation. Tetrahexyldecyl Ascorbate (THD) is one of the most stable forms of Vitamin C, increasing its ability to absorb into the skin and have an impact without skin irritation.

THE GOOD STUFF

- Defend your skin against environmental stressors
- Gradually diminishes dark spots and gives the skin luminosity
- Improves acne and reduces pore size

THE USAGE GUIDE

- Use after your AM cleanse with EMER SKIN Foaming Polish or Enzymatic Polish.
- Apply 4 to 5 drops to the face, neck, and chest.
- Apply alongside EMER SKIN HYLA-B, RE-FIT Face, Botanical Enhancing Serum, and before Fusion Shield SPF 30+.

INGREDIENTS

- 20% Vitamin C (THD Ascorbate) antioxidant with powerful protection against pigmentation, sun damage, and the signs of aging
- Blueberry Extract promotes cell turnover, firms, and soothes the skin
- Ubiquinone (CoQ10) neutralizes free radicals to help firm the skin and reverse sun damage
- Opuntia Ficus Indica Stem Extract (Prickly Pear) antioxidant protects, smooths, and moisturizes the skin

WHY DR. EMER LOVES IT

Add this highly potent, non-irritating, antioxidant complex to your regimen for beautiful, protected, youthful skin. You will have an improved complexion, reduced pores, more even tone and texture, and less fine lines and wrinkles. AOX-C is a specialized medley of ingredients safe for all skin tones to enhance the skin's radiance and tone. AOX-C base is silky and velvety giving it the feel of an oil-based serum, but with a matte finish that is perfect for layering and enhancing other applied products.

EMER SKIN

AOX-C ANTIOXIDANT ILLUMINATING AND CLEANSING PADS

Brighten + Tone

60 PADS

PRODUCT DESCRIPTION

Formulated with elegance, these individual use pads **instantly brighten and tone the skin**. The unique combination of Vitamins A, C, and E with Green Tea Extract and Retinyl Palmitate work together to gently tone, brighten, and decongest the skin improving its radiance and clarity. The inclusion of botanical extracts and antioxidants revitalize the skin, offering a gentle cleanse and removing surface oil and debris, resulting in a more luminous and even-toned complexion.

THE GOOD STUFF

- **Cleanses oil and debris** while toning the skin, resulting in a more luminous and even complexion
- Prepares the skin to enhance the absorption of other topical products
- Revitalizes dull skin by soothing tired, stressed skin, restoring its natural radiance and vitality
- Non drying or irritating

THE USAGE GUIDE

- First, cleanse skin with your favorite EMER SKIN cleanser then remove a saturated pad from the jar and wipe the textured pad over the desired area. The pads can be used up to twice daily.

INGREDIENTS

- **Ascorbic Acid** is an antioxidant with powerful protection against pigmentation, sun damage, and the signs of aging
- **Citrus Terpenes are essential oils** that restore the skin's **pH moisture balance** giving it more clarity, hydration, and soothing
- Green Tea Extract offers strong antioxidant protection
- **Retinyl palmitate boosts collagen** to minimize fine lines and wrinkles while smoothing the skin's texture

WHY DR. EMER LOVES IT

Compliment your daily cleanse with a formulation to exfoliate the skin's surface of oil and debris within the pores. The botanical extracts and antioxidants work alongside your cleanser to further prepare the skin for other topical products and gives the skin a brighter, more radiant appearance. It is gentle enough to use daily for enhanced cleansing, claming, and anti aging benefits or post-treatment to help speed up exfoliation and brighten the tone more quickly.

EMER SKIN

www.emerskin.com

HIGH SPOT

Brighten + Glow

50ML 1.7 FL.OZ

PRODUCT DESCRIPTION

Experience the transformative power of our chemical-free brightening formula which includes a complex of brightening agents such as Tetrahexyldecyl (THD) Ascorbate to enhance skin radiance. High Spot is enriched with a unique blend of botanical extracts which provide visibility in refining, plumping, and toning the skin over time. Embrace a more vibrant complexion as this formulation actively reduces the appearance of discoloration and imparts a youthful, collagen-enriched visage.

THE GOOD STUFF

- Improves the skin's radiance without hydroquinone
- Highly potent antioxidant complex brightens the skin tone, improves hyperpigmentation, and blemishes
- Anti-inflammatory properties reduce redness and irritation to calm and soothe sensitive skin
- Aids in reducing the visibility of fine lines, wrinkles, and sun spots
- Enhances skin tone, firmness, and elasticity

THE USAGE GUIDE

- Dispense 1-2 pumps into hand and gently apply to clean face and neck at least once a day. Avoid direct contact with eyes. Discontinue use if signs of irritation appear.
- Complete your regimen by applying after lightweight serums like EMER SKIN AOX-C, HYL-A-B, Botanical Enhancing Serum, and then finishing with EMER SKIN RE-FIT Face and Eye on top.

INGREDIENTS

- **Vitamin C (THD Ascorbate)** antioxidant with powerful protection against pigmentation, sun damage, and the signs of aging
- **Blueberry Extract** promotes cell turnover, firms, and soothes the skin
- **Licorice Root Extract** evens the skin tone by reducing inflammation
- **Mulberry, green tea, and peptides**

WHY DR. EMER LOVES IT

This product is the culmination from years of extensive clinical research. The carefully selected ingredients effectively brighten the skin, prevent pigmentation, blemishes, improve sun damage, and decrease redness and inflammation. This is our go-to anti-aging brightening complex for a healthy and radiant complexion with everyday use and for pigmentation prevention with ongoing medical treatments.

EMER SKIN

www.emerskin.com

ILLUMINATING MASK

Exfoliate + Brighten

30ML 1 FL.OZ (3, 10ML TUBES)

PRODUCT DESCRIPTION

Discover the exceptional advantage of this revolutionary overnight mask, meticulously crafted to revitalize and enhance your skin's complexion. The first of its kind medical-grade at-home micro-peel, has both exfoliating and brightening complexes to improve discoloration and blemishes, sun damage, pores, and acne. The rich complex of medical-grade ingredients will transform your skin with consistent weekly use, but also can be used as a spot treatment for pigmentation, acne, or scars. Illuminating Mask enhances results of in-office treatments with immediate use post-treatment overnight.

THE GOOD STUFF

- The unique blend of medical grade exfoliators revives the skin's texture and tone through collagen production
- Reduces the appearance of pores and acne scars
- Improves blemishes while dramatically decreasing acne flares
- Softens dark circles, sun spots, and hyperpigmentation
- Calms redness and inflammation

THE USAGE GUIDE

- Cleanse with EMER SKIN Foaming Polish and/or Enzymatic Polish.
- Enhanced penetration can be achieved when used immediately after EMER SKIN AOX-C Antioxidant Illuminating and Cleansing Pads or EMER SKIN Enzymatic AHA Resurfacing Glow Pads.
- Apply an even thin layer over the entire face or treatment area.
- One tube is used for one treatment area which may include the face, neck, chest, or back of hands.
- Multiple areas may be treated safely at the same time.
- Avoid the delicate skin directly around the lips and eyes. If the product enters the eyes, rinse well with water.
- After 2 to 3 minutes, apply a second, even layer over the same area.
- Repeat a third layer, concentrating on any problem areas. Use the entire Illuminating Mask tube
- Leave the mask on the skin overnight (8 hours is recommended).
- Cleanse off with EMER SKIN Foaming Polish and/or Enzymatic Polish.

INGREDIENTS

- Exfoliation Agents: TCA, Lactic Acid, Salicylic Acid, Retinol
- Brightening Agents: Arbutin, Niacinamide, Kojic Acid, Vitamin C
- Marine Sea Whip Extract reduces redness and irritation

WHY DR. EMER LOVES IT

The unique medical-grade exfoliator and brightener complex improves texture and leaves the skin feeling smooth and soft, with a youthful glow. A multitude of skin conditions are improved if used immediately post-procedure to enhance results and expedite healing, as a spot-treatment of blemishes and/or hyperpigmentation, or used weekly as an at-home mask for anti aging and healthy skin maintenance.

EMER SKIN

www.emerskin.com

HYLA-B

Plump + Repair

PRODUCT DESCRIPTION

Achieve a rejuvenated and healthier appearance with a powerful combination of four hyaluronic acids to deliver, delivering long-lasting hydration for a more supple, plump, and even complexion. The customized blend of Pro Vitamin B5 and Lactococcus Ferment Lysate enhances skin hydration and antioxidant protection, further improving the skin's radiance and luminosity. Salicylic acid visibly reduces the signs of aging such as fine lines and wrinkles, while also improving redness blemishes and acne flares.

THE GOOD STUFF

- Provides skin plumping to effectively reduce the visibility of fine lines and wrinkles
- Delivers deep, nourishing hydration for enhanced moisture retention
- Enhances skin texture and elasticity

THE USAGE GUIDE

- Apply 4-5 drops to clean face, neck and chest at least once a day.
- Best used in combination with EMER SKIN AOX-C and Botanical Enhancing Serum. Enhanced penetration can be achieved when used immediately after EMER SKIN AOX-C Antioxidant Illuminating and Cleansing Pads and/or EMER SKIN Enzymatic AHA Resurfacing Glow Pads.

INGREDIENTS

- Sodium Hyaluronate (Hyaluronic Acid) improves skin texture and elasticity while providing antioxidant protection against environmental damage
- Pro Vitamin B5 (Panthenol) is a powerful anti-inflammatory that aids in wound healing and skin hydration
- Lactococcus Ferment Lysate, a probiotic that protects the skin from inflammation and promotes skin regeneration and healing
- Salicylic Acid beta hydroxy acid is a potent exfoliator and calming agent in reducing redness and the appearance of the signs of aging such as fine lines and wrinkles

WHY DR. EMER LOVES IT

HYLA-B goes beyond just the surface and diving into the deepest layers of your skin for the most intense hydration and healing. To bring damaged skin cells back to life, it's crucial to target them at their core. HYLA-B deeply penetrates multiple levels of your skin, resulting in remarkable and long-lasting improvements in skin hydration and plumping.

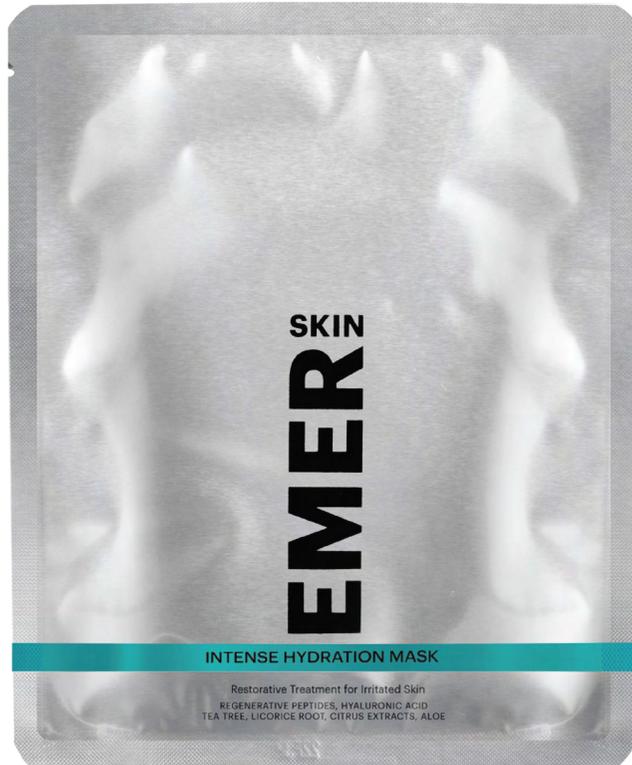

EMER SKIN

www.emerskin.com

INSTENSE HYDRATION MASK

Restorative Treatment

PRODUCT DESCRIPTION

A rejuvenating and restorative treatment specifically designed for irritated or compromised skin, but can be used as an at-home treatment for improved skin health, claming, and hydration. The mask features biocellulose fibers infused with skin calming and soothing ingredients to reduce irritation. The biocellulose technology is breathable and mimics the skin's natural barrier providing instant comfort and relief when the skin is irritated or inflamed.

THE GOOD STUFF

- Acts as a soothing shield, providing relief from skin discomfort and helping topically applied products to enhance skin absorption
- Delivers instant refreshment and a soothing sensation to irritated skin, leaving it calm and revitalized
- Alleviates the sensation of pain and heat resulting from sunburn or office treatments such as lasers, chemical peels, and microneedling
- Helps alleviate redness and inflammation
- Reduces healing time following in-office treatments or dermarolling performed at home

INGREDIENTS

- Biocellulose Fibers gently calm and soothe the skin barrier to provide immediate cooling, redness reduction, and improved hydration
- Sodium Hyaluronate (Hyaluronic Acid) improves skin texture and elasticity while providing antioxidant protection against environmental damage
- Aloe Leaf Juice has many skin calming properties and is used as an antibacterial ingredient
- Licorice Root Extract evens the skin tone by reducing inflammation
- Tea Tree Oil has healing and nourishing properties, as well it improves acne by reducing bacterial colonization and oil production
- Botanical Complex (Lemon, Orange, Grapefruit) has antioxidant properties to protected against environmental stressors
- Palmitoyl Tripeptide-37 increases cell renewal, while slowing the thinning of aging skin improving fine lines and wrinkles
- Peppermint Extract

THE USAGE GUIDE

- After cleansing, remove the mask from the pouch, peel off layers of fabric to expose the biocellulose mask and apply to the face (adjust to fit mask comfortably). Leave on for 15-30 minutes then remove. Massage remaining serum into face and neck. Single use mask.

WHY DR. EMER LOVES IT

The only Biocellulose Mask with protective, calming, soothing, brightening, blemish controlling, and anti aging benefits in one. This should be used at least once weekly at-home for a soothing and rejuvenating skin care treatment, but immediately after office treatments for calming, healing, and regenerative effects to speed healing and to improve outcomes.

EMER SKIN

PHYTO AOX-C BOTANICAL ENHANCING SERUM

Radiance + Calming

30ML 1 FL.OZ

PRODUCT DESCRIPTION

An intensive calming hydrator that penetrates deep for superior, lasting moisturization. The concentrated botanical actives create a dynamic antioxidant system instantly providing balance and relief for multiple skin concerns such as: dryness, acne, aging, discoloration and even the most sensitive (acne and rosacea).

THE GOOD STUFF

- Soothes and calms irritated and sensitive skin
- Replenishes hydration resulting in a more radiant and plump complexion
- Protects against environmental stressors to give a more even skin tone
- Improves oiliness and blemishes which reduces acne flares and discoloration

THE USAGE GUIDE

- Apply 4-5 drops to clean face, neck and chest at least once a day. It is best used in combination with EMER SKIN AOX-C and HYL-A-B.

INGREDIENTS

- Botanical Calming System delivers antioxidant benefits to help reduce the potential for irritation and calm visible skin redness
- Green Tea Polyphenols offer strong antioxidant protection
- Willow Bark Extract gently exfoliate promoting cellular renewal, calming inflammation, reducing redness, reducing oiliness, and the signs of aging
- Vitamin C (THD Ascorbate) antioxidant with powerful protection against pigmentation, sun damage, and the signs of aging
- Melatonin reduces redness and inflammation to calm and soothe stressed skin, especially after UV damage
- Chlorophyll brightens skin tone, improves blemishes, and acne outbreaks

WHY DR. EMER LOVES IT

This serum soothes, calms, and provides immediate relief to irritated, sensitive skin while helping to reduce visible redness. This serum delivers essential hydration to reduce pigmentation and blemishes leaving skin brighter and more radiant. Use this as an essential daily serum for those with oiliness, acne-prone skin or sensitivities. This should be used to enhance your other serums that improve pigmentation and hydration. Post-procedural, this unique complex speeds up recovery and improves healing, brightening and clarity.

EMER SKIN

www.emerskin.com

HYLA-A

Exfoliate + Refine

30ML 1 FL.OZ

PRODUCT DESCRIPTION

A luxurious anti-aging powerhouse. This rich blend works intensely to firm the skin and diminish the appearance of fine lines, wrinkles, and hyperpigmentation. With a potent combination of retinol, licorice root, and hyaluronic acid, it also enhances the overall complexion, minimizes pores, improves acne, and skin blemishes.

THE GOOD STUFF

- Tightens the skin while improving the appearance of fine lines, wrinkles, and hyperpigmentation
- Mitigates acne outbreaks
- Promotes skin cell turnover to improve pores and skin hydration
- Facilitates collagen synthesis and enhances elastin formation for better skin elasticity

THE USAGE GUIDE

- Apply 1-2 pumps to skin at night, best combined with EMER SKIN HYLA-B and RE-FIT Face. Avoid Direct contact with eyes. Discontinue use if signs of irritation appear. Use twice daily for a more rapid improvement in blemishes, hyperpigmentation, acne and wrinkles.

INGREDIENTS

- Retinol stimulates the production of collagen to improve fine lines and wrinkles and reduce hyperpigmentation and blemishes
- Jojoba Seed Oil provides intense hydration and barrier protection
- Licorice Root Extract (Dipotassium Glycyrrhizate) evens the skin tone by reducing inflammation
- Sodium Hyaluronate (Hyaluronic Acid) improves skin texture and elasticity while providing antioxidant protection against environmental damage

WHY DR. EMER LOVES IT

Retinol diminishes the appearance of wrinkles through collagen production and is the go-to ingredient for a rejuvenated youthful complexion. While most retinols are irritating, we have combined Jojoba Seed Oil and Licorice Root Extract, to soothe, calm and hydrate the skin - while reducing pores, acne, hyperpigmentation, and blemishes.

EMER SKIN

www.emerskin.com

ENZYMATIC AHA RESURFACING GLOW PADS

Exfoliate + Resurface

60 PADS

PRODUCT DESCRIPTION

The 15% Glycolic Acid pads provide gentle exfoliation and moisturization, helping to eliminate excess oil and residue from the skin. Address uneven skin texture and tone, fine lines and wrinkles, and enlarged pores.

THE GOOD STUFF

- Ultra-pure Glycolic Acid clears congested pores, exfoliates dull skin cells, improves pigmentation, and reduce sun damage
- Addresses uneven skin texture and tone
- Antioxidants reduce environmental stressors and free radical damage
- Restores optimal pH moisture balance to the skin
- Excellent to use on the body to treat ingrown hairs, acne, blemishes, and keratosis-pilaris

THE USAGE GUIDE

- Remove a saturated pad from the jar and wipe the textured pad over the desired area after cleansing in the PM. Follow with EMER SKIN HYLA-B and RE-FIT Face. These pads can be used once daily, but best to start once or twice weekly until acclimated.

INGREDIENTS

- Glycolic Acid is an alpha hydroxy acid that supports cellular renewal by exfoliating and removing dead cell layers of the skin and helps maintain balanced moisture levels in the skin
- Retinyl Palmitate boosts collagen to minimize fine lines and wrinkles while smoothing the skin's texture
- Witch Hazel is an alcohol-free botanical that helps remove excess oil on skin's surface, tightens the appearance of pores, and soothes the skin for a more even skin tone
- Liposome Encapsulated Vitamins A, C and E, CO-Q10 help to more effectively deliver other products into the skin and provide antioxidant protection from free radical induced skin damage

WHY DR. EMER LOVES IT

These pads are meticulously crafted with ingredients that work together to enhance the skin's brightness and texture. Consistent usage will reduce the appearance of dark spots, hyperpigmentation, improve acne outbreaks, and decrease oiliness and pores while enhancing overall skin rejuvenation and wrinkle prevention.

EMER SKIN

www.emerskin.com

RE-FIT EYE

Reverse + Prevent

20ML .67 FL.OZ

PRODUCT DESCRIPTION

Bio Growth Factors work harmoniously to enhance collagen production, firm the skin, and diminish dark circles, restoring both elasticity and radiance to the delicate eye area. With impressive efficacy, it significantly reduces the appearance of puffiness, fine lines, and wrinkles, unveiling a more youthful and revitalized look.

THE GOOD STUFF

- Instantly brightens dark circles and hollows
- Significantly reduces puffiness and the appearance of fine lines and wrinkles
- Tightens and firms the delicate, thin skin of the eye

THE USAGE GUIDE

- Dispense 1 pump into hand and using finger, gently apply under eye starting from the inner corners working outward of both lower and upper eyelids twice daily. Extend to the crow's feet, gently dab for absorption. Avoid direct contact with eyes.
- Apply after lightweight serums like EMER SKIN AOX-C, HYLA-B, Botanical Enhancing Serum and before Fusion Shield SPF 30+.

INGREDIENTS

- Bio Growth Factors boost collagen and increase cell turnover
- Palmitoyl Tripeptide-1 reduces wrinkles and fine lines while brightening the complexion
- Palmitoyl Tetrapeptide-7 and 9 stimulates collagen production, improving firmness, and elasticity
- Chrysin and Dipeptide-2 reduce the look of dark circles
- Jojoba Seed Oil provides intense hydration and barrier protection
- Licorice Root Extract (Dipotassium Glycyrrhizate) evens the skin tone by reducing inflammation
- Salicylic Acid beta hydroxy acid is a potent exfoliator and calming agent
- Opuntia Ficus Indica Stem Extract (Prickly Pear) antioxidant that protects, smooths, and moisturizes the skin
- Silybum Marianum Extract (Milk Thistle) is a potent antioxidant
- Sodium Hyaluronate (Hyaluronic Acid) improves skin texture and elasticity while providing antioxidant protection against environmental damage

WHY DR. EMER LOVES IT

Get youthful, bright eyes with a combination of Bio Growth Factors, Peptides, Salicylic Acid, Prickly Pear Extract, Licorice Root and Hyaluronic Acid. This revolutionary combination will ensure that the delicate skin around the eyes is rejuvenated. As we age, the skin of the eye becomes thinner and crepe with fine wrinkles. The regenerative properties of this product will tighten and firm giving the skin of the eye a more youthful, rested appearance. The combination of fruit extracts and licorice root help to brighten darkness while rejuvenating the skin through regenerative growth factors and peptides.

EMER SKIN

www.emerskin.com

RE-FIT FACE

Reverse + Prevent

50ML 1.7 FL.OZ

PRODUCT DESCRIPTION

This extraordinary formula harnesses the sheer potency of multiple bio growth factors to bring life to your skin cells. Immerse yourself in the luxurious blend of nourishing amino acids, vitamins, and potent peptides that infuse deep cell regeneration and revitalization. A combination of these potent regenerative ingredients work in synergy to renew your skin's tone, elasticity, and radiance.

THE GOOD STUFF

- Aids in reducing the visibility of fine lines and wrinkles
- Enhances skin tone, firmness, and elasticity
- Improves the skin's radiance and plumpness

THE USAGE GUIDE

- Dispense 1-2 pumps into hand and gently apply to the face twice daily. Best used after cleansing with EMER SKIN Foaming Polish or Enzymatic Polish. Avoid direct contact with eyes.
- Apply after lightweight serums like EMER SKIN AOX-C, HYLA-B, Botanical Enhancing Serum and before Fusion Shield SPF 30+.

INGREDIENTS

- Bio Growth Factors boost collagen and increase cell turnover
- Palmitoyl Tripeptide-1 reduces wrinkles and fine lines while brightening the complexion
- Palmitoyl Tetrapeptide-7 stimulates collagen production, improving firmness and elasticity
- Palmitoyl Tripeptide-38 stimulates collagen production and aids in wound healing and tissue repair
- Algae (Dunaliella Salina) Extract that's rich in beta-carotene, a powerful antioxidant that can protect the skin from free radicals and environmental damage
- Licorice Root Extract (Dipotassium Glycyrrhizate) evens the skin tone by reducing inflammation
- Sodium Hyaluronate (Hyaluronic Acid) improves skin texture and elasticity while providing antioxidant protection against environmental damage

WHY DR. EMER LOVES IT

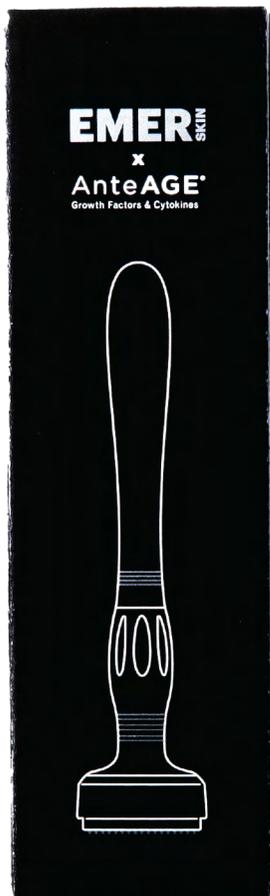

Renew, revive, and restore your skin's tone and elasticity through the power of growth factor technology and potent amino acids. Licorice Root and microalgae work together as anti-inflammatories to reduce redness and inflammation, calming the skin and improving complexion and clarity. Witness the single most impactful solution for long-term skin health and radiant appearance, quick healing post-procedures, and reversal in the signs of aging.

EMER SKIN

www.emerskin.com

MICROCHANNEL STAMP 0.5MM

PRODUCT DESCRIPTION

Featuring 140 medical-grade titanium cones, this design exfoliates, stimulates, and activates elastin and collagen production to promote a smoother, more revitalized, and even skin tone. The micro-channel stamper, equipped with a flat head, delicately breaks the upper layers of your skin, encouraging collagen production, increased blood supply, and better absorption of topically applied professional skincare products.

THE GOOD STUFF

- Enhances skin texture and tone, promoting a more radiant and even complexion
- Minimizes the appearance of pores and acne scars
- Firms and enhances the appearance of loose skin, promoting a more youthful look
- Increases the skin's ability to absorb topical products, improving discoloration, blemishes, sun spots, fine lines and wrinkles, more rapidly

THE USAGE GUIDE

- Use nightly (minimum 2x per week) after cleansing, prior to application of professional skincare products.
- Remove stamp head cover.
- Disinfect Microchannel Stamp by soaking in rubbing alcohol before and after each use.
- Can be used anywhere on the skin (not for use on eyes) to enhance product penetration.
- Press stamp head gently onto the skin, moving up and down vertically.
- Hold the stamper with your index finger on top. Using gentle pressure with a controlled motion, hold skin taut and begin stamping.
- Stamp each section of skin 5 to 7 times until skin appears light pink, making sure to lift stamper off skin after each pass.
- Avoid dragging the stamper across the skin.
- To maximize result, apply professionally recommended serums to the skin area being treated before using Microchannel Stamp immediately followed by second serum application after pressing the stamp into the skin.

WHY DR. EMER LOVES IT

In addition to boosting collagen production, when pairing the Microchannel Stamp with recommended products, studies have shown that the micro-channels created increase the absorption of active ingredients 1000-fold. Therefore, faster, and better results can be obtained by correctly pairing the Microchannel Stamp with professionally recommended product(s) rather than by using products or the stamp alone. You will see dramatic changes in color, texture, and tone of the skin with the properly paired topical treatments.

EMER SKIN

www.emerskin.com

MICRONEEDLING SYSTEM

PRODUCT DESCRIPTION

Discover unparalleled skin regeneration offered by our state-of-the-art clinical-grade stem cell facial treatment. Specifically formulated for convenient home use, this remarkable treatment utilizes a dermal roller to effectively stimulate collagen production improving the skin's texture while combining a proprietary Stem Cell and Peptide complex (Microneedling Solution) for enhanced skin revitalization.

THE GOOD STUFF

- Enhances skin texture and tone, promoting a more radiant and even complexion
- Minimizes the appearance of pores and acne scars
- Firms and enhances the appearance of loose skin, promoting a more youthful look
- Increases the skin's ability to absorb topical products, improving discoloration, blemishes, sun spots, and fine lines and wrinkles more rapidly

THE USAGE GUIDE

- Follow cleaning and disinfecting instructions carefully before and after each use to prevent infection; never use it on more than one person.
- Apply the specially formulated Microneedling Solution to treatment area.
- Roll each section of skin at least 5 to 7 times until skin appears light pink (bleeding is not necessary), making sure to lift roller off of skin after each pass.
- Be sure to roll horizontally, vertically, and diagonally.
- Avoid dragging the roller in an unnatural motion across the skin or rolling forcefully with excessive speed.
- Once again, apply the specially formulated Microneedling Solution to treatment area once rolling is complete.
- Disinfect roller by soaking in rubbing alcohol before and after each use.
- Roller should be replaced after approximately 10-15 uses, as the needles will dull with continued usage.
- Avoid roller around orbital area (eye sockets) unless using a roller designed for this area.

INGREDIENTS

- Human Bone Marrow Stem Cell Conditioned Media is a rich broth of peptides, growth factors, exosomes, lipids, and nutrients. These components support your skin's natural resilience and enhance its capacity to renew itself by improving fine lines and wrinkles
- Hyaluronic Acid improves skin texture and elasticity while providing antioxidant protection against environmental damage
- Dipeptide Diaminobutyryl Benzylamide Diacetate Dipeptide (DDBBDA) is a synthetic tripeptide used to target wrinkles caused by facial movements, such as forehead lines and Crow's feet by mimicking a compound found snake venom
- Nonapeptide-1 is a synthetic peptide that can brighten the complexion, even skin tone, and reduce the appearance of pigmentation and sun damage through the action of tyrosinase inhibition in melanocytes and decreased regulation of melanocyte stimulating hormone (MSH)
- Transforming growth factor beta (TGF-beta) is a growth factor that controls cell function; it is anti-inflammatory for skin soothing and calming, but also increases collagen and elastin production improving fine lines and wrinkles

WHY DR. EMER LOVES IT

Dermarolling is designed to rejuvenate your skin by creating hundreds of micro-injuries, stimulating the skin to immediately start "repairing" itself, which improves your overall complexion over time. By applying the proprietary Stem Cell and Peptide complex (Microneedling Solution) immediately with your at-home skincare, more noticeable results are seen in skin rejuvenation and anti-aging.

EMER SKIN

FUSION SHIELD SPF30+

Protect + Camouflage

50ML 1.7 FL.OZ

PRODUCT DESCRIPTION

Fusion Shield SPF 30+ is carefully formulated to provide a harmonious blend of protection and nourishment. It effectively shields the skin from harmful UVA/UVB radiation, offering an impressive 80 minutes of water resistance. Additionally, added antioxidants and marine extracts work together to provide benefits that defy aging. Universal tint allows for camouflage in all skin types.

THE GOOD STUFF

- 100% mineral broad-spectrum SPF, guards against both UVA and UVB rays
- Water-resistant for up to 80 minutes
- Effectively conceals and camouflages imperfections
- Non-sticky formula that glides on effortlessly, leaving a smooth and flawless matte finish
- Age defying formula provides antioxidant protection and promotes collagen production
- Free of chemical filters, parabens, and fragrances

THE USAGE GUIDE

- After finishing your morning skincare regimen, dispense 1-2 pumps on the fingertips and gently apply onto clean skin of the face, neck, and chest. Apply at least 15 minutes prior to UV exposure and re-apply after 80 minutes of swimming, sweating, immediately after towel drying, or at least every two hours with direct sun exposure.

INGREDIENTS

- Zinc 11% provides a natural physical defense against environmental damage
- Panthenyl Triacetate improves the skin's barrier, reduces inflammation, and improves wound healing
- Naringenin is a natural flavonoid found in citrus fruits repairing DNA damage and scavenging free radicals as a potent antioxidant
- Marine Fraction strengthens the skin's barrier, increases hydration, and promotes collagen production

WHY DR. EMER LOVES IT

Fusion Shield SPF 30+ offers a unique solution as an all-in-one skincare and sun protective product. It provides comprehensive UVA/UVB protection against the sun's harmful rays while simultaneously nourishing and hydrating your skin. Its lightweight formula won't clog pores. The subtle warm hue from the medium-tone tint helps create a stunning and even complexion, camouflaging imperfections. A complex of anti-aging active ingredients work together to support skin rejuvenation.

DERMERGENCY KIT

Description

This clinically advanced at-home skin refining micro-peel kit packs a potent concentrate of acids, antioxidants, vitamins and brightening botanicals to nourish, exfoliate, refine and restore your complexion. Helps to reduce the appearance of large pores, minimize uneven skin tones, lighten dark spots, reduce acne, and improve sun damage, giving you professional results from the comfort of your own home.

Why Dr. Emer Loves It

Bright, Even and Dramatically Refreshed Skin.

This unique product is comparable to a professional peel at the doctor's office, but at a far lower cost, and in the comfort of your own home. In just 2-3 days, it re-surfaces the skin while Hyla A and High Spot help reduce redness.

BRIGHTEN

CLEANSER

ANTI-AGE

HYDRATE

EXFOLIATE

PROTECT

ILLUMINATING MASK

- Exfoliating Agents: Salicylic Acid, Lactic Acid, Trichloroacetic Acid, Retinoic Acid, and Trichloroacetic Acid

- THD Ascorbate (Vitamin C),
- Panthenyl Triacetate and
- Naringenin, and Marine Fraction

HYLA-A

- All Trans Retinol, Hyaluronic Acid, and Licorice Root Extract

What to Expect

- Redness, dryness, and tightness are to be expected in the first few days. EMER SKIN RE-FIT Face and/or Hyla-B and/or Botanical Enhancing Serum can be used together twice daily for calming sensitive skin if dryness, redness, or irritations occurs (products sold separately).
- After 1-2 days, your skin may (but isn't always expected) begin to flake for 5-7 days. To prevent scarring, do not pick.
- If you experience moderate to severe irritation, stop using Hyla-A until the skin is recovered.
- After about one week, you will notice brighter skin with a more even tone. Expect full results in 14-28 days.
- If you are looking for more significant improvement, you can repeat once every two weeks, but do not repeat if your skin experiences irritation and redness.

Daily Regimen for 2 weeks

1. Illuminating Mask: Exfoliate+Brighten
2. Foaming Polish: Cleanser + Purify
3. High Spot: Brighten + Glow
4. Hyla-A: Exfoliate + Refine
5. High Spot: Brighten + Glow
6. Fusion Shield: Protect + Camouflage
